Routine Notes.

Respectfully submitted.

We, the Officials of the General and Revenue Secretariat, pray that Cycle Purchase Advances may be granted free of interest in the same way as Motor Car and Motor Cycle Advances are being granted to the Gazetted Officers of Government. Most of us come from the several extensions of the City far away from the Public Offices e.g., Malleswaram, Chamarajpet, Shankarpur and Basavangudi. We have to walk to the Public Offices a distance ranging from 4 to 6 miles in the morning and a similar distance in the evening and it would be of immense help to us if we are enabled to come to office on Cycles.

The Financial Department may say that the amount available for being granted as advances is limited and that the concession will have to be extended to Officials of other Departments in the Cities of Mysore and Bangalore. But we pray that the

reasonableness of our request may be kindly considered in view of the fact that the Cycle is needed in the interest of efficiency of service and punctuality. Moreover the amount of advance required in the case of an Official is very much less than what is being advanced for the purchase of Motor cars.

3 We, therefore, pray that the Government may be graciously pleased to view the request with sympathy and grant the Officials of the Secretariat Cycle Purchase Advances to the extent of Rs.200/- or four months' pay whichever is less on conditions similar to those applicable to the grant of Motor Car Advances.

4 Same such concessions seems desirable. The advance may be given at the first instance to Officials living at a distance of more than 2 miles from the Public Works and the amount fixed at Rs 100 the full number of advances to be given in a year may be limited to the extent of 25. It may be necessary to have a similar concession to other Gazetted Officers and another 25 may be sanctioned. After 2 years the number of the advance in any year may be further reduced

5 These are recoverable advances and after all except from the Resource point of view there may not be much objection to the grant, as the outgoings may not exceed about 35,000 in a year and this is not very much. After the first year of the grant the outgoings would probably be less being set off by receipts and after a time it is likely that the receipts will equal outgoings.

6 In the note above limiting the grants to officials living only two miles distance has been suggested. It has also been suggested that the number of such advances granted in any year may also be limited.

7 Both these limitations may be waived if a small rate of interest, viz., 4 or 5 per cent is charged for these advances and the grant of the advance is limited to the officials in the cities of Bangalore and Mysore. This would prevent frivolous application andat the same time would make the arrangements least objectionable from the financial stand point as our surplus balances do not earn more than 4 or 5 per cent.

8 The limit of the advance may also be raised to Rs.200/- as a decent bicycle would cost about that sum.

10. The marginally noted collections are put up.

11. In the collection G.F. 12-19 (Pag P) the question of granting advances for the purchase of conveyances other than motor cars & motor cycles was considered on the application of Mr. C. N. Raghavendra Rao of the Pr. dept. The then Under Secy (now Jt. Secy) raised the question of adopting a general rule as that of Bo. India and in para 18 of the notes the Jt. Secy (now Member) orders that "..... until the need arises we need not have any rule in our case".

12. It may be seen that ordinary cycle advances have been sanctioned to the Demonstrators of the Govt. Weaving Factory under the same conditions as those prescribed for the grant of advances for the purchase of motor cars & motor cycles. In this connection also the Under Secy (now Jt. Secy) once again raised the general question. But no orders were passed on this

vide G.F. 159-19 Pag. 3 & 7. Flag. A & H.

13. The offrs. of G.P.Ws. have now represented for the grant of ordinary cycle advances on the ground that they have to walk long distances to the office from the various extensions. The Chief Secy. has also supported their application.

14. An extract from B.A.C. Vol I (Art. 158) on the subject is put up for reference under which advances for purchase of conveyances other than motor cars & motor cycles are granted under Art 158 in Bo. India. But this concession is confined to towing officers. But here since the main reason urged is the hardship caused to officials in walking long distances, it is for consideration whether this concession may not be extended to all those

16. It is not expedient to grant any new concessions to the Secretariat people alone. I think cycle advances bearing interest at 6% p.a. for an amount not exceeding Rs 120 x 24 months' salary may be permitted to be given in the case of touring officers, and also officials living in the Bangalore ~~City~~ Mysore city.

This is a general question and is submitted for consideration.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Order No. Fl. 626-46—G. F. 365-07, dated the 5th August 1908, prescribing the rules for the grant of advances to touring officers for the purchase of motor cars.

READ—

Letter No. 3114, dated the 26th September 1912, from the Revenue Commissioner in Mysore, suggesting that the period of repayment of the motor car advance may be extended to eighteen instead of twelve months as at present.

No. FL. 5026-71—G. F. 16-12-28, DATED BANGALORE, 10TH MARCH 1913.

ORDER THEREON.—The Government of His Highness the Maharaja consider that the existing rules about the grant of advances for the purchase of motor cars press heavily upon the officers taking such advances, in that, while the amount advanced is not in many cases sufficient to buy a fairly good car, the recovery in twelve instalments is rather hard upon them. In consideration of the fact that the possession of motor cars and motor cycles by touring officers is likely to save much of their time, which is now taken up in travelling, the Government of His Highness the Maharaja have decided to make the rules regarding the grant of advances for purchase of motor vehicles more liberal than they are at present. The following rules are therefore sanctioned:—

(1) An advance will be given only when the Government of His Highness the Maharaja consider that it is in the interests of the public service that the officer should use a motor car or motor cycle in the discharge of his duties.

(2) The total amount to be advanced to an officer shall not exceed rupees five thousand or four months' salary, whichever is less, for a motor car. For a motor cycle four months' salary or rupees one thousand five hundred, whichever is less, may be advanced.

(3) The advance so made will be recovered by deducting monthly instalments equal to one-thirty-sixth part of the advance from the salary bill of the officer concerned.

(4) Officers drawing the advance will be required to execute a bond in the form appended to this order.

(5) The whole advance must, in any case, be recovered within three years from the month following that in which it is made and shall not ordinarily be affected by the officer going on furlough or sick leave on half pay.
